

Join the El Cajon Neighborhood Watch!

Crime prevention is the responsibility of everyone in a community, and Neighborhood Watch is a great way for your neighborhood to get involved! Neighborhood Watch will help you and your neighbors increase community awareness, address neighborhood concerns before they become issues and bring community resources together to solve problems.

To start a Neighborhood Watch you will need:

- A Block Captain who will be responsible for coordinating the start up meeting, setting up a neighborhood email group and ensuring information about the neighborhood is relayed to the appropriate people.
- Neighbors who are willing to be active in preventing crime in their neighborhoods!
